- ❑ **2021 Domaine de Druban Beaumes de Veneise Rouge** \$22
70% Grenache, 25% Syrah, 5% Mourvèdre
Although the town enjoys the same cru status as Châteauneuf-du-Pape and Gigondas, its red wines are generally softer and more approachable in their youth, with surprising aging potential thanks to the significantly concentrated fruit and structure. Notes of red fruits, strawberry and cherry jump out on the nose while the palate is defined by structural fruit and a spiced finish.

- ❑ **2016 Serra Sanguigna du Cropio Calabria Rosso** \$27
0% Gaglioppo, 15% Malvasia Nera and 15% Greco Nero.
Serra Sanguigna is the name of a prime zone in the interior of the Ciro appellation. It is the most rustic wine of the estate marked by a powerful plum-infused fruit, robust in weight, deep ruby in color and surprisingly lithe on the palate. Organic

- ❑ **2018 Lorenzo Sassetti Pertimali, Montecucco Rosso** \$24
100% Sangiovese
Tuscany
This Rosso presents crushed blackberries and wild herbs spiked with a twang of sour citrus. The textures are silky and pliant with masses of ripe fruits and wild berries offset by penetrating minerals and brisk acids. This tapers off long and lightly structured.

- ❑ **2021 Damiano Ciolli Silene Olevano Romano Cesanese** \$21
Lazio
A Roman Red, the Silene is aged in concrete for a year and conveys more delicate qualities of the Cesanese red grape. It also comes from nearly 100 year old vines. A rush of floral aromatics lead for a palate of dusty earth, spring violets and sour blackberry. A long, peppery finish to leave on a memorable note.

2020 Tenuta Tascante 'Buonora' Etna Bianco

\$20

100% Carricante
Sicily

From Carricante grown in volcanic soils on the eastern slope of Mount Etna. Three months of bâtonnage gives this wine a great balance of crispness with a touch of weight to the texture. Aromas of honeysuckle and tropical fruit lift out of the glass along with a whiff of wet stone. The tangy palate offers ripe white peach, Meyer lemon and a hint of banana before a savory mineral finish. Crisp acidity keeps it energized.
- ❑
